les animaux
qui vivent
aujourd'hui !

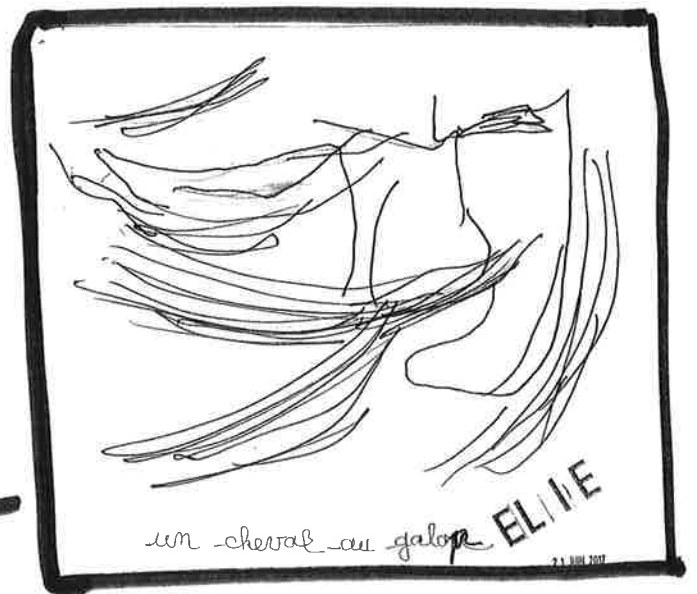

La vache
est un animal sauvage
qui vit dans le désert.
Il y a des barrières
pour ne pas que la vache
s'enfuit et passe de
l'autre côté.
La barrière est fermée.
Charlie a vu des vaches
à la ferme
La vache a du lait.
on prend un seau
et on tire le pis de la vache,
et ça tombe dans le seau.
La vache mange de l'herbe.
